| Equipment Used | | |
| Raw Material / Component | S-10 (47308-A) | S-10/75 |
| Manufacturing Location | | |
| Process Conditions | | |

 The Material Is Being Discontinued

Last order date

Recommended Replacement

Reference

Product Description

Effected P/Ns

Why Is The Change Necessary ?

With the development of the S-10/75 for S-8800 and S-8900 series, we now include this enhanced HF driver in our M/H-2400 Medium / High sub-component – used in our systems S-2400 (47062-A) and S-2401 (47063-A) – for higher reliability and better frequency response in HF. The S-10 (47308-A) however remains to be ordered as Spare part if needed.

In order to provide you with the most updated information about our products, Suministros Kelonik SA is putting in place this Product Change Notification. However, All Product Specifications are subject to be changed without prior notice and Suministros Kelonik SA could not be responsible of an eventual misinformation.

Yours faithfully.
